India's first cryptocurrency index, IC15, launched; will list Bitcoin, Ethereum, others

 by **admin** January 10, 2022

CryptoWire, a crypto tremendous app on Monday introduced the launch of India's first index of cryptocurrencies, IC15 with a view to empowering information on blockchain ecosystem. Bitcoin, Ethereum, XRP, Bitcoin Money, Cardano, Litecoin, Binance Coin, Chainlink, Polkadot, Uniswap, Dogecoin, Solana, Terra, Avalanche, and Shiba Inu would be the constituents of IC15.

The index tracks and measures the efficiency of the highest 15 extensively traded liquid cryptocurrencies listed on main crypto exchanges of the world, CryptoWire stated in a press release.

An index that captures over 80 per cent of market motion is, thus, a elementary market monitoring and assessing software to base choices on and improve transparency, it stated.

Over the previous years, cryptocurrencies have emerged as an asset class in themselves, gaining wider acceptance and drawing individuals's pursuits.

The Cryptocurrency and Regulation of Official Digital Foreign money Invoice, 2021, was included within the Lok Sabha Bulletin-Half II for

introduction within the lately concluded Winter Session however couldn't be launched in Parliament by the federal government.

CryptoWire's Index Governance Committee comprising area consultants, business practitioners, and academicians, will keep, monitor, and administer the index whereas rebalancing it each quarter, it stated, including, the bottom worth of the index is about at 10,000 and the bottom date is April 1, 2018.

Launching IC15, CryptoWire Managing Director Jigish Sonagara stated, "this won't solely push the 'be taught earlier than earn' initiative but in addition serve the business with one more highly effective intervention. Our method is to facilitate market growth and mitigate danger to an incredible diploma by presenting all potential instruments to guage potentialities and make choices."

The index has been designed to supply insights into crypto mining and the true benchmark and a mirror of the underlying crypto market, a barometer of the business in a way, with a diversified illustration of total market sentiments, it stated.

It's to be famous that the federal government, RBI and SEBI have been cautioning individuals concerning the cryptocurrencies that might be a "excessive danger" space.
